

Welcome to Cal-Nev JATC and LYLE JOHNSON'S Sculpture project

40 FT MONUMENT

Larry Baker, a lineman and his son Robert Baker, an apprentice met Lyle Johnson a sculptor of monuments.

Thus the concept of a 40 ft monument for the JATC Center in Anaheim, California came to be.

Completed 32" Bronze

FUNDRAISING

The photos of the sculptures shown here are of the working model created by sculptor Lyle Johnson. The working model has been approved by the Cal-Nev JATC board and will now be used to raise funds for the monument.

Riverside JATC

Pouring Bronze

THE SCULPTOR-LYLE JOHNSON

Lyle is seen here working on the model in his studio in Pryor, Montana. Heroic sculptures created by Lyle can be seen in various locations throughout the United States. His latest monument of a hard rock miner stands in front of the Stillwater Mining Company office in Billings, Montana. The Stillwater mine is the largest Palladium mine in the world. To see this monument click on monuments.

THE MONUMENT AT THE FACILITY

The computer rendition below shows the placement of the 40 ft monument as approved by the board of directors. This will be the first monument to the lineman of America in the world. The monument titled “Empowering America.”
